

LBL Minutes Meeting
August 26, 2008

Attendance: Waukegan, RIB, Buck Trail, Big Foot, Kenosha, West Allis, and Golden Arrow

Minutes were read and accepted.

Steve Wade will be retiring from his position as Treasurer at the end of this term.

Old Business

Jeff Wyler said that if we are counting the 12 ring that it should be on all targets. Ask clubs to ensure that there is either a 12 ring or it marked on the target – for the ones that don't have it.

Discussed the use or lack of binoculars and range finders at Waukegan. Waukegan is looking into making some concessions in this regard.

Jim brought up that he had some good and bad comments regarding Golden Arrows first LBL shoot. Shooting off of the ridge and not having any backstops caused a lot people to lose arrows. Golden Arrow will look into putting up some backstops. Also the heavy use of binoculars slowed things down and created some backups.

Jack Rowland brought up that there should be a break point on the range. It was set up to go straight though all 30 targets at one time. Golden Arrow will adjust this. Also the 3rd week in April is RIB industrial league qualifier.

Current Business

Some of the Traditional women are looking to have their own trophy – they do not want it to be a coed trophy. At this time there are not enough women in that category to justify them having their own.

LBL now has their own website it will be maintained by al Chickerno. It could cost us up to \$100.00 for 5 years. It will also link into each individual clubs website. This was passed by all voting members.

Shoot dates were picked. Please let Linda by Nov. 1, 2008 if there are any changes.

Big Buck award is open until Feb. 15, 2009

Next Meeting: Jan 20, 2009 at RIB, starting at 7 pm.
